

Tapestry

Tapestry is an online journal used by Ditchling (St Margaret's) CE Primary School and Nursery to capture your child's learning journey during their time with us. We upload photographs, observations, notes and videos to celebrate their achievements, all of which is shared with parents/carers. We encourage adults at home to comment on the observations and upload their own to build a picture of a child's overall learning and development. Please click on the link below to find out more. Tapestry have also developed a handy parent guide to help you to get started.
