

AmazonSmile: What is it?

[AmazonSmile](#) is a cashback scheme by which Amazon donates 0.5% of the net purchase price (excluding VAT, shipping fees & returns) of a sale to a customer's designated charity. AmazonSmile is the same Amazon: same products, same prices, same service but as a registered charity, Ditchling FPTA can benefit every time you shop through AmazonSmile.

Why is it a good way to raise money?

It is a passive income stream: it requires zero monetary donation and very little effort. It's easy to set up and makes steady money for our FPTA throughout the year, especially around Black Friday and Christmas.

What's the catch?

There isn't one! The products cost the same, AmazonSmile is free so it is money for nothing and although 0.5% of eligible purchases isn't a huge amount, it all adds up - for little or no effort. You just have to remember to use smile.amazon.co.uk instead of the main Amazon site if you are shopping via a browser.

How to set it up

On a browser

- Go to smile.amazon.co.uk and login using your usual Amazon email and password.
- Enter "FPTA of Ditchling Primary School" in the search bar
- Tick 'yes' box
- Start shopping

On mobile app

- Open the Amazon mobile app on [iOS](#) or [Google Play](#)
- Scroll down to the menu at bottom of screen (☰) and select "Settings"
- Select AmazonSmile
- Search for and select "FPTA of Ditchling Primary School" in the search bar

- Select "On" for mobile app
- Start shopping

How to use it

Once you have set up FPTA of Ditchling Primary School as your designated charity, every time you make an eligible purchase through AmazonSmile, the PTA will earn 0.5% of the value of your purchase, which is paid within 45 days.

Purchases made using the iOS or Google Play apps are automatically eligible.

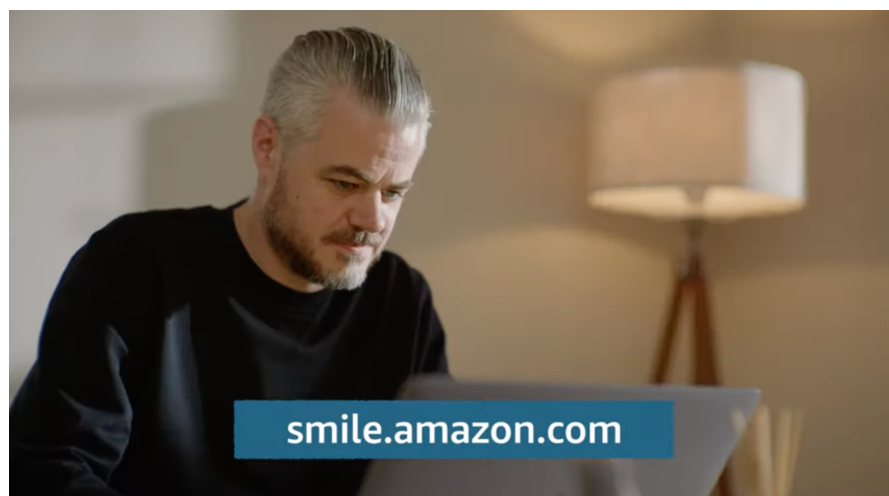

However, if you are using a browser, iPad, Kindle or other tablet, you MUST remember to check out via [AmazonSmile](https://smile.amazon.co.uk) instead of the main Amazon site in order to receive the cashback (tablet apps do not yet support AmazonSmile). Purchases made via a tablet Amazon app or the normal Amazon browser are NOT eligible.
