

Weekly Activities

MATHEMATICS

Please complete online Mathletics and practise tables weekly for our test on a Friday.

READING

Regular reading at home.

Help me to...

Read daily, make sure you are reading texts from differing genres.

- Take note of punctuation.
- Read with fluency and expression.
- Question me on what I have read to ensure I have good comprehension skills.

Extended Activities

Green 15 housepoints	Orange 25 housepoints	Red 50 housepoints
Research a recent climate disaster e.g. an Australian bush fire. Write a report that answers the following questions: <i>What caused it?</i> <i>Who did it affect and how?</i>	Research a recent climate disaster e.g. an Australian bush fire. Write a report that answers the following questions: <i>What caused it?</i> <i>Who did it affect and how?</i> <i>How could it have been prevented?</i> <i>What could be done to stop it happening again?</i>	Research a recent climate disaster e.g. an Australian bush fire. Write a report that answers the following questions: <i>What caused it?</i> <i>Who did it affect and how?</i> <i>How could it have been prevented?</i> <i>What could be done to stop it happening again?</i> <i>Film yourself presenting your report as if you were a reporter at the scene.</i>
Design your own Trojan Horse. Annotate all of its features.	Create your own Trojan Horse with a hidden compartment. Annotate all of its features. Explain how the hidden compartment works.	Create your own Trojan Horse with moving parts. eg. joints, wheels, compartment. Annotate all the parts and explain how the whole thing works.
Research the original Ancient Greek Olympic Games. Explain three events.	Research the original Ancient Greek Olympic Games. Explain 3 events. Create a programme explaining what happens on each day of the games.	Research the original Ancient Greek Olympic Games. Explain 3 events and create a programme for the event. Film yourself trying at least 3 of the 'different' sports.

Extended Activities

Read through the extended activities carefully before selecting your task. Then consider the resources you will require and plan when and how you are going to complete the task. You might want to consider writing yourself a task and time plan.

In addition to completing the task, please write an evaluation paragraph to be displayed on the presentation afternoon. You might want to cover some or all of the following: why you chose the task, any challenging aspects, the areas you are pleased with and any next steps.

Presentation and Celebration

Extended Activities due in: **Monday 23rd March 2026**

Celebration: **Wednesday 25th March 2026**

On the celebration day, parents and carers are invited to view all the home learning after school.

Children should spend between 2 to 4 hours working on 1 home learning project from this menu. The project should be chiefly the child's own work.

Year 5 Home Learning Menu
