

Weekly Activities

MATHEMATICS

Please complete weekly Mathletics Activities.

Times Tables Rock Stars

READING

Regular reading at home.

Accelerated Reader quizzes.

Help me to...

Read at least 3 times a week, make sure you are reading texts from differing genres.

- Take note of punctuation.
- Read with fluency and expression.
- Question me on what I have read to ensure I have good comprehension skills.

Extended Activities

Green

15 house points

Research a national park that interests you. Choose how to present your work.

Research a meal that could be made using fair trade ingredients. Choose how to present your work. Include information about where your ingredients would come from and why fair trade is important.

Red

50 house points

Research a national park that interests you. Choose how to present your work.. Include information about how this precious ecosystem works. Produce your information as a documentary script and film yourself presenting this. Try to incorporate appropriate images in your film.

Research and make a meal that could be made using fair trade ingredients. Film yourself doing this. In your film, include an explanation about where your ingredients came from and why fair trade is an important choice; also include a clip about a fair trade farmer.

Devise a physical fitness programme eg. to prepare an explorer for an arduous adventure. Include advice on diet & exercise. Choose how to present your ideas. Follow your programme for a few days. Film yourself doing this (and your family too if you can). Include a commentary on the experience.

Extended Activities

Read through the extended activities carefully before selecting your task. Then consider the resources you will require and plan when and how you are going to complete the task. You might want to consider writing yourself a task and time plan.

In addition to completing the task, please write an evaluation paragraph to be displayed on the presentation afternoon. You might want to cover some or all of the following: why you chose the task, any challenging aspects, the areas you are pleased with and any next steps.

Presentation and Celebration

Extended Activities: Due in Tuesday 14th July

Celebration: Tuesday 14th July

On the celebration day, parents and carers are invited to view all the home learning after school.

Children should spend between 2 to 4 hours working on 1 home learning project from this menu. The project should be chiefly the child's own work.

Year 6 Home Learning Menu
