

Weekly Activities

MATHEMATICS

Please practise times tables (remember to use TTRS) for weekly test.

Complete the Mathletics task at home weekly.

READING

Regular reading at home.

Help me to...

Read at least **3 times a week**, make sure you are reading texts from differing genres and that match your AR colour/zone.

- Take note of punctuation.
- Read with fluency and expression.
- Question me on what I have read to ensure I have good comprehension skills.

Once you have finished your book, please complete the quiz on AR ASAP.

Extended Activities

Green 15 housepoints

Go on a walk or look in your garden. Find a plant and draw it. Label the main parts: roots, stem, leaves, and flower.

Create and film a **dance or gymnastic routine** inspired by **daily life in a Megacity**, such as **São Paulo, Tokyo, or New York** (e.g., commuting, working, celebrations).

Can be done solo or in a group.

Research and **build a model of a famous city building or structure** from **Brazil** or a **global Megacity** (e.g., Christ the Redeemer, a favela home, the Empire State Building, Tokyo Tower).

Orange 25 housepoints

Go on a walk or look in your garden. Find a plant and draw it. Label the main parts: roots, stem, leaves, and flower.

Explain why each part of the plant is important?

Do green task plus include an **analysis of the movements** and what they represent.

Do green task plus include a **fact file** about your chosen building: where it is, what it's used for, and why it's important.

Red 50 housepoints

Plant a seed (e.g., beans or cress) and look after it for 1-2 weeks. Keep a diary with drawings or photos. Explain what plants need to grow and how your plant changed over time.

Draw your plant and label the main parts.

Do green and yellow task, plus create a **set of instructions** to teach someone else how to perform the routine.

Do green and yellow task, plus write a **persuasive piece of writing** encouraging someone to live in or visit your chosen building or city, highlighting the advantages of life there.

Extended Activities

Read through the extended activities carefully before selecting your task. Then consider the resources you will require and plan when and how you are going to complete the task. You might want to consider writing yourself a task and time plan.

In addition to completing the task, please write an evaluation paragraph to be displayed on the presentation afternoon. You might want to cover some or all of the following: why you chose the task, any challenging aspects, the areas you are pleased with and any next steps.

Presentation and Celebration

Extended Activities due in: Thursday 9th July

Celebration: Tuesday 14th July

On the celebration day, parents and carers are invited to view all the home learning after school.

Children should spend between 2 to 4 hours working on 1 home learning project from this menu. The project should be chiefly the child's own work.

Year 3 Summer Home Learning Menu
